Weight	Approximately 225 lbs (90.9 kg)	Approximately 300 lbs (136 kg)

MicroSearch® G3
For Security that Doesn't Miss a Beat

Effective, easy-to-use storage and management system for MicroSearch G3 cables

MicroSearch G3 is a one-of-a kind security inspection system. It detects unauthorized individuals hiding in vehicles or containers by sensing the vibrations caused by the human heartbeat. MicroSearch G3 is ideal for border crossings, maritime ports and portal/entries to any highly valued facility as well as correctional institutions. Critical buildings and assets, including embassies and federal, military and civilian buildings, will benefit from the increased security that MicroSearch G3 provides.
